abdelrahman saad

Full Stack Developer

Junior Full Stack Developer with around 1 year of hands-on experience in building web applications. Comfortable working with both front-end and back-end technologies like **React.js**, **Angular**, **Node.js**, **C#**, and **Django**. Looking for opportunities to continue learning, grow my skills, and contribute to a development team.

Work Experience

Full Stack Developer, Boost Consulting and Training, main UAE - Egypt branch
August 2023 - Present

Assisted in building web pages using **HTML, CSS, and JavaScript** and creating basic interactive elements with **React.js**.
Dabbled with **Python** and **Django** to create simple, internal automation tools for company use.
Collaborated with the team using **Git** for version control, and learned how to deploy small projects on **Heroku - Pythonanywhere - AWS**.

Education
